Take part in health studies in your region

Yorkshire Health Study
Your health, your research

Join us!

The University of Sheffield
NHS National Institute for Health Research
The Yorkshire Health Study is following the lives of thousands of people in Yorkshire.

Help us understand your health so that we can find the best treatments to prevent and treat illness in the future.

How to take part
You can take part by filling out our short Health Questionnaire online at:
www.yorkshirehealthstudy.org

Join the Yorkshire Health Study and take part in health studies in your region.
